

ILMARI KORIA

Résumé: Updated 2nd March 2024 — ilmarikoria@posteo.net — [LinkedIn](#) — 華文姓名：柯萬里^{Kē Wàn lǐ}

ABOUT

London-based X-standards content markup technologies professional and University of London graduate. Comprehensive spoken and written language competence and digital literacy, with concentration in free open-source tools and implementations. Proven communication skills, team working ability and leadership initiative in a range of administrative, service and volunteer roles.

EXPERIENCE

Bloomsbury Publishing Plc, Digital Development

London

Content Analyst

Jul 2023 – Present

- Quality assurance (QA), testing and management of platform XML content.
- Checking XML coded texts against source editions for structural and textual errors.
- Following automated and manual routines and checklists systematically in order to identify and rectify XML errors.
- Inputting and checking any required metadata and taxonomy indexing to aid discoverability of XML texts.
- Testing online content on Bloomsbury platforms to identify data/platform issues.
- Analysing content and contributing to mark-up guidelines.
- Managing workflow from conversion to upload for content sets on existing platforms.
